

Show Flock Starter

A premium feed designed to support the growth and health of chicks, ducklings, and goslings

Guaranteed Analysis

Crude Protein (min)	21%
Lysine (min)	1.2%
Methionine (min)	0.55%
Threonine (min)	0.85%
Crude Fat (min)	4%
Crude Fiber (max)	4%
Calcium (min - max)	1.2-0.8%
Phosphorus (min)	0.65%
Salt (min - max)	0.3-0.8%
Sodium (min - max)	0.15-0.24%
Copper (min)	140 ppm
Vitamin A (min)	4,400 IU/lb.

Ingredients

Ground corn, dehulled soybean meal, wheat middlings, deoiled corn distillers dried grains, grain distillers dried yeast, deoiled corn distillers dried grains with solubles, calcium carbonate, vegetable oil, monocalcium phosphate, hydrated sodium calcium aluminosilicate, salt, L-threonine, L-lysine monohydrochloride, dried Lactobacillus acidophilus fermentation product, dried Enterococcus faecium fermentation product, dried Pediococcus acidilactici fermentation product, dried Lactobacillus brevis fermentation product, dried Lactobacillus plantarum fermentation product, dried yeast, corn cob fractions, dried Trichoderma reesei fermentation extract and solubles, dried Macleaya cordata extract, choline chloride, anise, cinnamon, thyme, garlic essential oil, clove bud essential oil, oregano essential oil, ginger essential oil, dried extracted Streptomyces fermentation solubles, Tagetes (Aztec marigold) extract, lignin sulfonate, dried fermented corn extractives, yeast culture (Saccharomyces cerevisiae), vitamin A supplement, vitamin D3 supplement, vitamin E supplement, menadione sodium bisulfite complex (source of vitamin K activity), copper sulfate, thiamine mononitrate, riboflavin supplement, niacin supplement, pyridoxine hydrochloride, calcium pantothenate, biotin, folic acid, vitamin B12 supplement, manganous oxide, manganese sulfate, manganese amino acid complex, ferrous sulfate, copper oxide, copper amino acid complex, zinc oxide, zinc sulfate, zinc amino acid complex, calcium iodate, cobalt carbonate, cobalt glucoheptanate, dried Bacillus subtilis fermentation product, sodium selenite, mineral oil, DL-methionine hydroxy analogue, dried kelp, fenugreek (Trigonella foenum-graecum), Yucca schidigera extract, citrus peel, lemon extract, and basic copper chloride.

Feeding Directions

Start chicks, ducklings, and goslings on Show Flock Starter from hatch until 6 weeks of age, transition to Show Flock from 6 weeks until laying age (18-24 weeks), and feed Show Flock Layer 22 to laying birds.

Show Flock can be fed to meat birds until market weight is achieved.

Always provide plenty of fresh, clean water. If changing feeds, incorporate the new feed slowly over a 7-day period.

Storage

For best results, store in a cool, dry area away from rodents and insects. Use within 30 days of the date of manufacture.

Manufactured by:
Tucker Milling, LLC
Guntersville, AL 35976
Net Wt.: 50 lb (22.68 kg)
